

## *The Professional Make up artists Network* *hosted by NMI*

*This exclusively advanced make up course is for only a handful of seriously ambitious artists. While running the workshop I will be giving the Artist opportunity to put a working portfolio together, only after 25 hrs of intense training will the Artist be able to start representing themselves out in the field, fully equipped as a professional artist.*

*These are the 5 modules I will be training on:*

- 1. REFINING THE ARTIST*
- 2. TOOLS OF THE TRADE*
- 3. PERSONAL REPRESENTATION & PRESENTATION*
- 4. INDUSTRY NETWORKING*
- 5. PROJECT AND THE KEY*

*This workshop is for strictly individuals who are serious about getting AHEAD in their career, for the purpose of refining their talents and analysing where they lay. What market they are best suited for as a solid artist in one field or a multi-talented all-rounder. Artists are compelled to brush up on weak points in so making a solid foundation and self-worth to work from.*

*To be a professional is to be taken seriously at a first impression.*

*Here Artists can find a passion toward being H.O.D (head of department) in film, fashion, or advertising. Not only will Artists learn about presentation and business skills, with clients and colleagues, meeting photographers, building networking relationships, and creating a potential list of clients but how to maintain a high quality standard, as well as a highly presentable portfolio to do so. The rest is up to them. I will also help them find work and students will assist under NMI until such time as they can take a key position on a professional basis. They will also receive a certificate on completion of the course.*

*Consisting of 5 modules.*

- Classes 1 day a week, (Tuesdays or Thursdays)*
- R 400 per class ( 4 to 8 hrs) max 5 artists per class.*
- Includes refreshments (tea/coffee/drinks available for all artists.)*
- Venue: 43 Sangrove Drive, Rondebosch*
- Deposits essential, space is limited.*
- Please contact to start your modules*

*I believe we have great up and coming Artist talent in South Africa, and we as professional artists should be able to gain the trust of International Clients by the hard work & professional services we offer as long as we willing to work hard in doing so. The purpose of this workshop is to grow a high standard of South African crew to service many International Clients on a professionally trained & qualified level.*
